The mission of the Environmental Advisory Board is to:

- Advise City Council and Staff on matters in the community pertaining to solid waste disposal, yard waste recycling, air quality enhancements, hazardous waste management; and storm water quality.
- Make recommendations to City Council and Staff regarding the development of city-wide community and/or neighborhood programs to address long range recycling and solid waste disposal issues; programs to address grass, tree limb, and leaf recycling; programs to address air quality enhancement such as ground-level ozone programs to address hazardous waste recycling and/or disposal and to educate the community and serve in an advisory capacity regarding storm water quality programs.
- Encourage citizen participation in community recycling efforts and promote public education on the environmental benefits of various community programs including curbside recycling, Christmas tree recycling, composting, ground level ozone action alerts, wood burning bans, and household hazardous waste disposal opportunities.
- Annual participation in community outreach programs such as the Earth Day/Arbor Day, Pride Day, school educational talks, and Westy Fest.
